REPORT NO.

- As a result of the meeting in July 1949 between Generalissimo CHIA.D Kaishek and President Quirino of the Philippines, the Chinese Nationalist Government was granted permission to establish ordnance assembly plants in the Philippines*. These were to act as assembly points for military supplies from the United States and other countries.
- CHIANG Piao (江龙)**, an ordnance expert trained in Germany, was assigned to take charge of the assembly work, and he left for the Philippines in late September 1949. CHIANG was in the ordnance department of the Ministry of National Defense for a long time, and supervised munitions purchases in the National Defense for a long time, and supervised who has been instrumental United States. He is a follower of T. V. SOCIE, who has been instrumental 25X1A6a
 - Comment. The published results of the CHIANG-Quirino conference mentioned the acquisition of munitions from the Philippines by the Chinese Nationalists, but did not refer to assembly plants. 25X1A6a
 - Convent. CHIANG was formerly chief of the Board of Supply of the Executive Yuan (BOSEY).
